Technical Information

Dimensions:

- FG - SF | 595x297x66mm | 0.73 Kg
- FG - WF | 595x297x66mm | 1.15 Kg

Andrea Dimi Absorber is an elegant premium acoustic treatment. Artnovion's Dimi range was designed for adaptability. Allowing a new scope of designs and space management. Perfect for treating sound reflections and excessive reverberation. Manufactured with premium materials and carefully wrapped with acoustic fabric, this product has an outstanding performance from mid to high frequencies.

Available in standard market furniture grade fire rate, appropriate for home use applications, compliant with all domestic level fire grades; and Fire Rate + fire resistance, compliant with entry-level fire resistance, certified under specific European and American regulations.
