

Performance

Features

Type:
Hybrid Absorber-Diffuser

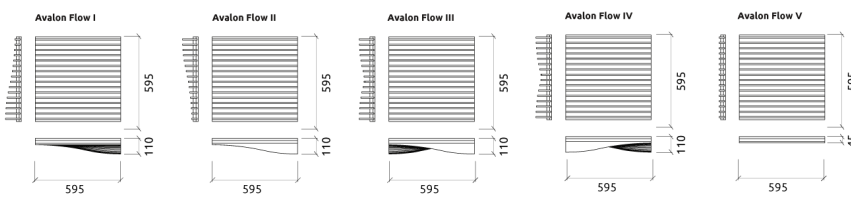

Absorption Range: 250 Hz to 5000 Hz

Acoustic Class: B | (α_w)=0,8

Available fire rates:
FG | Furniture Grade

Materials:
- Natural wood veneer ! Lacquered HMDF
- Marine grade plywood structural frame
- Calibrated cell acoustic foam

Technical Information

Dimensions:

595x595x110mm | 4.64 Kg

Avalon was conceived with a pioneer parametric design that turns a simple panel into a pattern that flows along the walls, morphing and unfolding according to your point-of-view.

With 5 different panels, Avalon allows you combine different panels to create distinct and unique patterns, in a selection of natural wood and premium acoustic fabric finishes. Avalon is perfect addition to give new life to your environment.

Avalon is as beautiful as it is efficient, with an effective absorption range starting from 250Hz up to 5000Hz, and providing efficient mid-range scattering, Avalon is a hybrid acoustic panel, perfect as an all-round treatment for rooms with mid and high frequency issues.

Avalon is available in 2 natural wood finishes, and a selection of 7 acoustic fabrics.

Product finishes

Fabric finish

FG | (TM201) Grigio

FG | (TM202) Bianco

FG | (TM203) Noce

FG | (TM204)
Gentian

FG | (TM205) Nero

FG | (TM206) Nebbia

FG | (TM207) Bordo

Wood finish

FG | (W05) Birch

FG | (W03) Wenge

Purpose

- RT reduction
- Flutter echo control
- Reducing excessive reverberation
- Improving speech intelligibility

Recommended for

- Hi-Fi Listening Room
- Media Room
- Home Cinema
- Living Room
